Summary

Recent Economics graduate with hands-on experience in Excel, SQL and Python, analyzing sales and customer data to support business decisions.

Education

B.A. Economics, Minor in Statistics — University of Illinois Chicago, 2025 (GPA 3.6)

Experience

Data Intern — Lakeview Retail Co. (Jun 2024 – Aug 2024)

• Wrote SQL queries to pull weekly sales data for 40 stores and summarized trends in Excel.

• Built a customer churn report in Python (pandas) that the marketing team used to target win-back emails.

• Cleaned and merged 3 messy supplier spreadsheets, reducing reporting errors.

Research Assistant — UIC Economics Department (Sep 2023 – May 2025)

• Ran regression analysis and hypothesis tests on survey data for a faculty study on household spending.

• Created charts and wrote summaries of results for a published working paper.

Shift Lead — Corner Café (2021 – 2023)

• Trained 5 new staff members and handled daily cash reconciliation.

Projects

• Chicago Bike-Share Analysis: analyzed 1M+ trips with Python and visualized peak usage in Matplotlib.

• Grocery Price Tracker: scraped prices weekly and stored them in a SQLite database.

Skills

SQL, Python (pandas, NumPy, Matplotlib), Excel (pivot tables, VLOOKUP), statistics, regression, Git, presentation skills
